1. In As (M51/P18) a detachment of 50-60 men armed with eight 76 mm anti-tank guns, rifles and automatic pistols is billeted at the Old Town Hall.
2. The SNB detachment in As has a strength of 45 men, while that in Rossbach has a strength of 20 men. Every kilometer of the frontier is guarded by 7 men. Roads in the As area have been mined with "Teller mines". A guard is permanently stationed in a watch-tower to observe the sector from Selb to Rossbach by means of a telescope. He is armed with an automatic pistol and is in contact with the SNB by telephone.
3. Since the fall of 1949 fortifications have been built in the Sumava (Boehmerwald) region. Concrete, armor plate and traverses were brought by truck in September 1949 for fortifications to be built in the Domazlice area.
4. A firing platform for rockets has been built near Ipolske Sahy, about 100 miles east of Bratislava on the Hungarian border.
5. A two-story underground factory to be occupied by about 5000 workers is under construction in the vicinity of Horni Pocernice (051/L99) in the Jirenske woods.
